WHO WE ARE

vn-apps is a company dedicated to the development of applications for mobile devices. Its products are based on state-of-the-art technology

We are a company that creates apps with added-value features. We are specialist in delivering ad-hoc apps for our clients. Our portfolio includes solutions for garment companies, architecture firms, tourism and traveling.
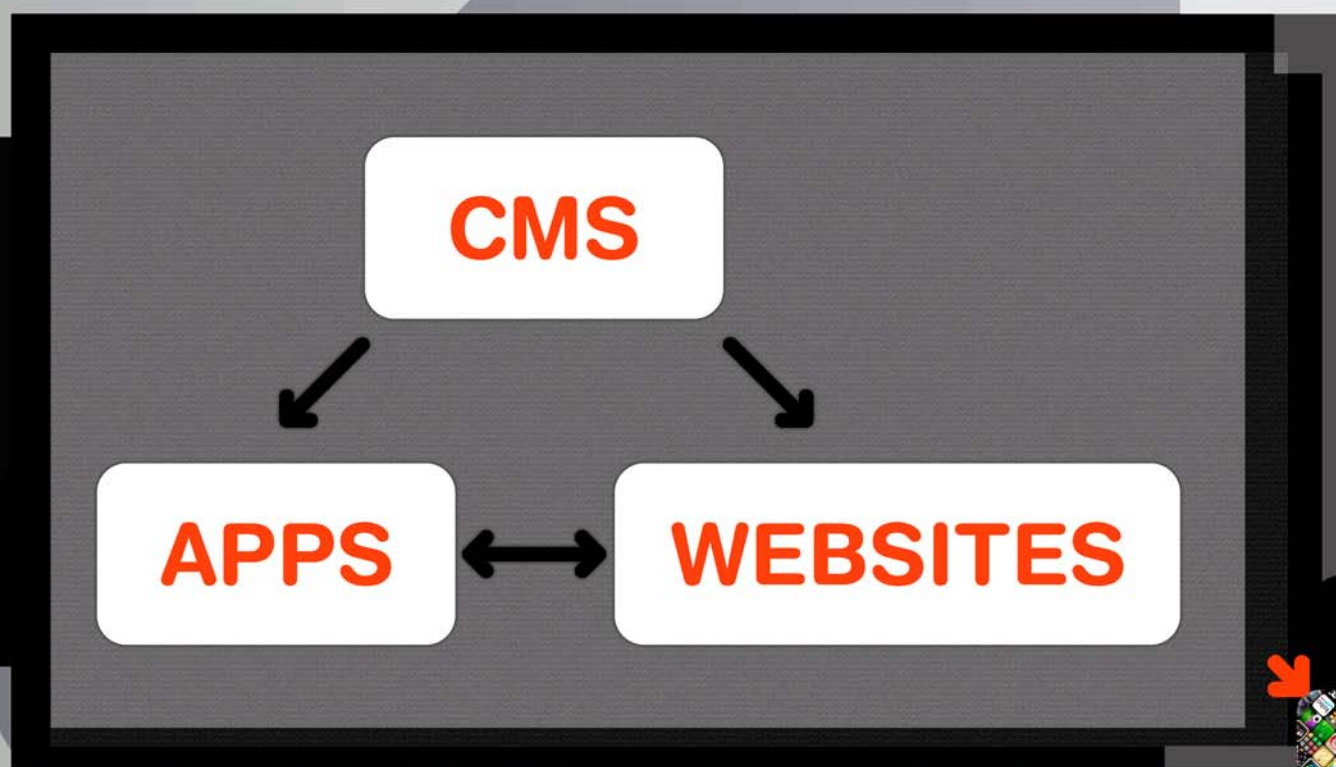

vn-apps headquarters are located in Ho Chi Minh City, Vietnam, where our department of R+D develops the solutions for our clients. It also has a representative office in Spain (Palma de Mallorca).
